SPLASH & DROP VASES

'Dailidesign' inspiration from Baltics

DROPLETS

'Rain Vase'

*It was a rainy day,
the water droplets
running fast outside
the window ..*

*Two position vase! Named : „Rain Vase“ It easily can be hung
near the window, and if you no longer want ...
it can be stand on plastic ring-plate.
Or also, we have created a special vase - connected with the
glass bottom, called : „Droplet Vase“*

*This droplet vase collections created by
glass designer Viktoras Dailidenas in 2013*

'Splash' vase

'Splash' vase

Vase "Droplet Splash" made by Lithuanian glass designer Viktoras Dailidėnas, piece of glass and a unique product. „Inspiration came after watched the growth of onion... It is strange but first expirion come exactly from it, and later it becomes water based product recreated in 2010 by Dailidesign.

The first one of this vases are made in 1998 at Kaunas Aleksotas Glass Studio Ltd., At the time called the "Bulb" vase, it has developed while study at Kaunas College, J. Vienožinskis Faculty of Arts in Glass speciality , (S.Grabliauskaite teacher). In the first series of 15 pieces, at a sale through the school have been quickly sold out, and donated. Now they have perfected version , ready for the general public , is presented as if from scratch, with a new name: „Splash”.

*Vase collection „Splash” base 5 colors :
black – eggplant (Ink Splash), transparent (Water Splash),
red (blood Splash), lime (Lime Splash) , and white (Milk Splash).*
