

Brand Daili was launched in 2003 and became famous for the clothing line, leather bags, jewellery. Each season Daili kicks up a new collection with it's signature label style.

Our person is a young woman, who wants to feel unforgettable. The collection Cityscape is created especially for 2014-2015 fall/winter, and is inspired by City view, fast life, high buildings, grey, brown & fuksia collors.
